Profile Summary

User-Centered Product Designer with 5 years of experience across B2B/B2C SaaS, eCommerce, CRM, RPA, and enterprise platforms. **Worked with global brands like Capgemini, SAP, Alstom, and UiPath**, contributing to scalable design systems, AI-driven experiences, and enterprise workflows. Skilled in **Gen AI, Figma MCP, rapid prototyping, accessibility-first design, and cross-functional collaboration** using Figma, Jira, and agile methodologies.

Experience

Product Designer II (Consultant B2) – Capgemini – July 2025 - Present

- Designed enterprise B2B eCommerce platforms from scratch for a global manufacturing client, using SLDS2 within the Salesforce environment, **streamlining complex workflows and elevating user-centric experiences** across the platform.
- Deployed onsite with a major enterprise technology client, collaborating with their design teams to enhance an enterprise Fiori-based design system through scalable, reusable, and accessibility-first UI components.
- Contributing to Gen AI-driven initiatives, building and orchestrating **AI agents**, custom **plugins**, and reusable **skills libraries**, **cutting down manual design review and QA effort** across product teams.
- Leveraging Figma MCP to accelerate design workflows and cross-functional delivery, **reducing time from concept to handoff**.
- Conduct internal training sessions on AI, Gen AI, and Figma MCP for design teams, and build proof-of-concepts (POCs) used in client visits and pitches.

Sr. UI/UX Designer – Droisys Inc. – Feb 2025 - Jun 2025

- Led UX/UI enhancements for Account360.ai, a CRM tailored to the U.S. alcohol beverage industry, improving usability and client satisfaction.
- Collaborated closely with business analysts, directors, and developers to translate client requirements into user-centric solutions, **reducing turnaround time for customization by 20%**.
- Introduced modular UI components and reusable templates, creating a scalable design system that ensured consistency, sped up design delivery, and reduced UI bugs.

Senior User Experience Designer – Deligence Technologies Inc. – Jan 2024 - Feb 2025

- As a Senior UI/UX Designer, I revamped a leading educational game's UI/UX, **increasing user engagement by 20%**, and **reduced user drop-off rates by 15%**.
- My tasks include designing wireframes, prototypes, user research and user flows to enhance the overall user experience.
- Collaborated with cross-functional teams to integrate user feedback into design iterations, resulting in a **user satisfaction score increase of 30%**.

Visual Interaction Designer – RPATech, Gurugram – May 2021 - Jan 2024

- Developed engaging visual content for top-rated online courses on automation, RPA, and AI technologies, **resulting in a 40% increase in course enrollment** on platforms like Coursera and Udemy through stakeholder collaboration and impactful design solutions.
